

CERTIFICATION ACCEPTANCE DOCUMENT

This document is to certify that the Alaska Department of Transportation and Public Facilities has the authority and will administrate projects specified by this document. The department will follow all laws, Federal and State, Executive orders, FHWA agreements, and the standards, policies, regulations or directives stated in this document.

The Alaska Department of Transportation and Public Facilities is empowered under Alaska Statutes, Title 19 to accomplish the policies and objectives contained in or issued pursuant to Title 23, U.S.C.

This certification applies to all Federally funded roadway projects. This certification applies to all phases of project development and construction, exclusive of right of way and environmental.

The State laws, regulations, directives, and standards for specific categories that will be used in project development and construction are listed. All listed publications shall be the most current published or accepted industry standard.

For public involvement in the development of projects in the location and design stages;

LOCAL GOVERNMENTS:

When Federal funding is passed to a local government for project development and construction the department will join in a transfer of responsibility agreement with that local government. The department will assess the local government's ability to perform the work of design and construction and the department will certify that the work performed conforms to the requirements of this Certification Acceptance Document.

EXISTING ASSURANCES:

Current Billing: August 24, 1990 Memorandum of Understanding between the FHWA and the Department for the current billing process.

Outdoor Advertising: March 29, 1968 Agreement for Carrying Out National Policy Relative to Control of Outdoor Advertising in Areas Adjacent to the Federal-Aid Primary System.

APPROVAL:

This Certification shall become effective as of the date of Federal Highway Administration approval.

Alaska Department of Transportation
and Public Facilities

John S. Smith
Commissioner
Date: 5/28/92

APPROVED:
Federal Highway Administration
